Yakiniku Jambo, the renowned Tokyo yakiniku restaurant where reservations are nearly impossible to secure, has opened as "Yakiniku Dragon produced by Jambo" at Togari Onsen Ski Resort! For dinner, it perfectly recreates Tokyo flavors, featuring classics like the signature "Nohara-yaki" and Wagyu nigiri. Furthermore, during lunchtime, it offers a special collaborative menu using Iiyama City's Shinshu Premium Wagyu, local vegetables, and Iiyama rice, contributing to the revitalization of the local economy.
